

COOPERATION OFFER

GENERAL DESCRIPTION

Title 3D Printing Service Provider, Additive Manufacturing Metal & Plastic

Summary

This offer is from the first Austrian company dealing with 3D Printing and Additive Manufacturing: with more than 20 years of experience in this field, the company provides first class parts with the best quality and precision, in a variety of material and applications.

The company is looking for customers and sales partners.

Description

The Austrian 3D printing service providers offers a wide range of services: from initial consulting, to topology optimization, to process simulation and realization of high accurate parts in a wide range of materials such as Titan, Aluminium, Steels, Polyamides, etc.

Advantages and Innovations

3D technology permits the innovative construction of parts that cannot be made in the traditional machining. The applications are in various industrial sectors such as Aviation, Automotive, Health Science, Energy. Additive Manufacturing is the new paradigm of mechanical components. The Austrian company is at the forefront of this new era.

COLLABORATION DETAILS

Type of partnership considered:

Technology Offers

Commercial Agreement with technical assistance (an agreement arranging the acquisition of a product/technology paired with the provision of a number of services in support of a transfer of technology)

Joint Venture Agreement

License Agreement

Technical co-operation agreement

Research co-operation agreement

Business Offers

Distribution services agreement

Acquisition agreement

Franchise agency agreement

Manufacturing agreement

Outsourcing agreement

Subcontracting

Financial agreement

Type and Role of Partner Sought*:

- Type of partner sought (*such as industry, academy, research organisation*):
Industry, Company, Research Organization, Academy,
- Specific area of activity of the partner (*example: manufacturer/distributor/user/disposal of plastic packages etc.*):
Distributors, Customers
- Tasks to be performed by the partner sought: What expertise/ tasks do you expect from the partner?

Size and Type of Partner Sought (e.g. industry, research):
